

Please add the following new claim:

B' Sub C3 37. A powder coating composition, comprising two or more color powder coatings, each of said two or more powder coatings comprising:
a resin; and
at least one colorant, wherein
(1) each of said two or more color powder coatings has a different color,
(2) a difference in triboelectric charge of said two or more color powder coatings is 5.0 $\mu\text{C/g}$ or less,
(3) the particles of each color powder coating are not agglomerated, and
(4) said powder coating composition forms a coating film having a visually homogeneous hue.--

REMARKS

Claims 2-7, 9-35 and 37 are pending. Claims 9-21 have been withdrawn from consideration. Claims 2-7 and 22-36 are presently rejected. Claim 36 has been canceled and claim 37 is newly added. No new matter has been added by way of the above amendment. For example, claim 37 is supported by presently pending claim 26 as well as the present specification at page 4, lines 10-16 and page
